SAFETY DATA SHEET

BOSTIK NO MORE NAILS

Revision Date: 08-Oct-2020
Supersedes Date: 03-Jul-2020

Section 1: Identification: Product identifier and chemical identity

Product identifier

Product Name: BOSTIK NO MORE NAILS

Product Code(s):
30607006
30603968; 30607005; 30614771; 30803249; 30804572; 30840373; 30840702

Other means of identification

Proper Shipping Name: Adhesives

UN Number: UN1133

Pure substance/mixture: Mixture

Recommended use of the chemical and restrictions on use

Recommended use: Adhesive

Uses advised against: No information available

Details of manufacturer or importer

Supplier: Bostik Australia Pty Ltd
51-71 High Street,
Thomastown Victoria
Australia
Tel: 613 9279-9333
Fax: 613 9279-9342
ABN: 79 003 893 838
E-mail address: au-bostik-sds@bostik.com

Manufacturer: Bostik Australia Pty Ltd
51-71 High Street,
Thomastown Victoria
Australia
Tel: 613 9279-9333
Fax: 613 9279-9342
ABN: 79 003 893 838

Emergency telephone number

Emergency telephone number: 24-hr Emergency: 1800 033 111

Section 2: Hazard(s) identification

GHS Classification

Based on available information, this material is classified as hazardous according to criteria of Safe Work Australia

<table>
<thead>
<tr>
<th>Flammable liquids</th>
<th>Category 2 - (H225)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Skin corrosion/irritation</td>
<td>Category 2 - (H315)</td>

SAFETY DATA SHEET

BOSTIK NO MORE NAILS

Revision Date: 08-Oct-2020
Revision Number 3.02
Supersedes Date: 03-Jul-2020

Signal word
Danger

Hazard statements
H225 - Highly flammable liquid and vapor
H315 - Causes skin irritation
H336 - May cause drowsiness or dizziness

Precautionary Statements - Prevention
P264 - Wash face, hands and any exposed skin thoroughly after handling
P280 - Wear protective gloves/protective clothing/eye protection/face protection
P261 - Avoid breathing dust/fume/gas/mist/vapors/spray
P271 - Use only outdoors or in a well-ventilated area
P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking
P233 - Keep container tightly closed
P240 - Ground/bond container and receiving equipment
P242 - Use only non-sparking tools
P243 - Avoid breathing dust/fume/gas/mist/vapors/spray
P271 - Use only outdoors or in a well-ventilated area
P332 + P313 - If skin irritation occurs: Get medical advice/attention
P303 + P361 + P353 - IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
P363 - Wash contaminated clothing before reuse
P304 + P340 - IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
P312 - Call a POISON CENTER or doctor/physician if you feel unwell
P370 + P378 - In case of fire: Use CO2, dry chemical, or foam to extinguish

Precautionary Statements - Storage
P403 + P233 - Store in a well-ventilated place. Keep container tightly closed
P405 - Store locked up

Precautionary Statements - Disposal
P501 - Dispose of contents/container to an approved waste disposal plant

Other hazards which do not result in classification
Toxic to aquatic life with long lasting effects
In use may form flammable/explosive vapor-air mixture

Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)
Classified as a scheduled poison according to the Standard for Uniform Scheduling of Medicines and Poisons (SUSMP)

Poison Schedule Number S5

Label requirements in accordance with SUSMP
CAUTION
KEEP OUT OF REACH OF CHILDREN
READ SAFETY DIRECTIONS BEFORE OPENING OR USING

Section 3: Composition and information on ingredients, in accordance with Schedule 8

Substance
Not applicable

Mixture
SAFETY DATA SHEET

Non-hazardous ingredients | Proprietary | Balance

Section 4: First aid measures

Emergency telephone number
Poisons Information Center, Australia: 13 11 26
Poisons Information Center, New Zealand: 0800 764 766

Description of first aid measures

General advice
Show this safety data sheet to the doctor in attendance.

Inhalation
Remove to fresh air. Get medical attention immediately if symptoms occur.

Eye contact
Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area. Remove contact lenses, if present and easy to do. Continue rinsing. Consult an ophthalmologist.

Skin contact
Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get medical attention if irritation develops and persists.

Ingestion
Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Clean mouth with water and drink afterwards plenty of water. Call a physician or poison control center immediately.

Self-protection of the first aider
Remove all sources of ignition. Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Use personal protective equipment as required. See section 8 for more information. Avoid contact with skin, eyes or clothing.

Most important symptoms and effects, both acute and delayed

Symptoms
Inhalation of high vapor concentrations may cause symptoms like headache, dizziness, tiredness, nausea and vomiting.

Indication of any immediate medical attention and special treatment needed
Note to physicians
Treat symptomatically.

Section 5: Firefighting measures

Suitable extinguishing media
Dry chemical. Carbon dioxide (CO2). Water spray. Alcohol resistant foam.

Unsuitable extinguishing media
Do not use straight streams. CAUTION: Use of water spray when fighting fire may be inefficient.

Specific hazards arising from the chemical
Risk of ignition. Keep product and empty container away from heat and sources of ignition. In the event of fire, cool tanks with water spray. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

Hazardous combustion products
Carbon dioxide (CO2). Silicon oxides.
**Special protective actions for fire-fighters**

**Special protective equipment for fire-fighters**  
Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.

**Hazchem code**  
• 3Y

**Section 6: Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

**Personal precautions**  
Evacuate personnel to safe areas. Use personal protective equipment as required. Avoid contact with skin, eyes or clothing. Avoid breathing vapors or mists. Ensure adequate ventilation. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Pay attention to flashback. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded.

**Other information**  
Ventilate the area. Refer to protective measures listed in Sections 7 and 8.

**For emergency responders**  
Use personal protection recommended in Section 8.

**Environmental precautions**

**Environmental precautions**  
Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not allow to enter into soil/subsoil.

**Methods and material for containment and cleaning up**

**Methods for containment**  
Dike far ahead of spill; use dry sand to contain the flow of material. Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal.

**Methods for cleaning up**  
Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Take up mechanically, placing in appropriate containers for disposal.

**Precautions to prevent secondary hazards**

**Prevention of secondary hazards**  
Eliminate all ignition sources if safe to do so.

**Section 7: Handling and storage, including how the chemical may be safely used**

**Precautions for safe handling**

**Advice on safe handling**  
Use personal protection equipment. Avoid contact with skin and eyes. Avoid breathing vapors or mists. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Use grounding and bonding connection when transferring this material to prevent static discharge, fire or explosion. Use with local exhaust ventilation. Use spark-proof tools and explosion-proof equipment. Keep in an area equipped with sprinklers. Use according to package label instructions. Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product. In case of insufficient ventilation, wear suitable respiratory equipment.

**General hygiene considerations**  
Keep away from food, drink and animal feeding stuffs. Do not eat, drink or smoke when using this product. Wash hands before breaks and immediately after handling the product. Contaminated work clothing should not be allowed out of the workplace. Regular cleaning of equipment, work area and clothing is recommended. Wear suitable gloves and eye/face protection.

**Conditions for safe storage, including any incompatibilities**

**Storage Conditions**  
Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and
static electricity). Keep in properly labeled containers. Do not store near combustible materials. Keep in an area equipped with sprinklers. Store in accordance with the particular national regulations.

Incompatible materials

This material is a scheduled poison and must be stored, maintained and used in accordance with the relevant regulations.

Section 8: Exposure controls and personal protection

OEL as published by Safe Work Australia

Appropriate engineering controls

Engineering controls
Showers
Eyewash stations
Ventilation systems.

Individual protection measures, such as personal protective equipment

Eye/face protection
Tight sealing safety goggles.

Skin and body protection
Wear suitable protective clothing. Long sleeved clothing. Chemical resistant apron. Antistatic boots.

Hand protection
Wear suitable gloves. Impervious gloves.

Respiratory protection
No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. Organic gases and vapors filter conforming to EN 14387

Environmental exposure controls
No information available.

Section 9: Physical and chemical properties

Information on basic physical and chemical properties

Physical state: Liquid
Appearance: Very viscous Liquid
Color: light brown
Odor: Solvent
Odor threshold: No information available
SAFETY DATA SHEET

Property | Values | Remarks • Method
--- | --- | ---
pH | No data available |  
Melting point / freezing point | No data available |  
Boiling point / boiling range | 70 °C |  
Flash point | -10 °C |  
Evaporation rate | No data available |  
Flammability (solid, gas) | No data available |  
Flammability Limit in Air  
Upper flammability or explosive limits | No data available |  
Lower flammability or explosive limits | No data available |  
Vapor pressure | No data available |  
Vapor density | No data available |  
Relative density | 1.16 - 1.18 | None known
Water solubility | Insoluble in water |  
Solubility(ies) | No data available |  
Partition coefficient | No data available |

Section 10: Stability and reactivity

Reactivity

No information available.

Chemical stability

Stability

Stable under normal conditions.

Explosion data

Sensitivity to mechanical impact

None.

Sensitivity to static discharge

Yes.

Possibility of hazardous reactions

None under normal processing.

Conditions to avoid

Heat, flames and sparks.

Incompatible materials

Hazardous decomposition products

None known based on information supplied.
Section 11: Toxicological information

Acute Toxicity

Information on likely routes of exposure

Product Information

Inhalation
May cause irritation of respiratory tract. May cause drowsiness or dizziness.

Eye contact
Irritating to eyes.

Skin contact
Causes skin irritation.

Ingestion
Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

Symptoms
Redness. May cause redness and tearing of the eyes. Inhalation of high vapor concentrations may cause symptoms like headache, dizziness, tiredness, nausea and vomiting.

Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document

ATEmix (dermal) 12,162.00 mg/kg mg/l

Component Information

SAFETY DATA SHEET

BOSTIK NO MORE NAILS
Revision Number 3.02
Revision Date: 08-Oct-2020
Supersedes Date: 03-Jul-2020

Section 13: Disposal considerations

Waste treatment methods
Waste from residues/unused products
Should not be released into the environment. Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

Contaminated packaging
Empty containers pose a potential fire and explosion hazard. Do not cut, puncture or weld containers.

Section 14: Transport information

ADG
UN Number UN1133
Proper shipping name Adhesives
Hazard Class 3
