

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of: REACH Regulation (EC) No 1907/2006, as retained in UK law by (SI 2019/758 as amended)

**EVO-STIK STICKS LIKE ADHESIVE CLEAR**  
Supersedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1. Product identifier

**Product Name** EVO-STIK STICKS LIKE ADHESIVE CLEAR

**Pure substance/mixture** Mixture

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

**Recommended use** Adhesives Sealant

**Uses advised against** Not to be used in articles intended for direct or prolonged skin contact Not to be used in production of toys or childcare articles Fabrics, textiles and apparel: bedding and clothing Gloves Footwear (shoes, boots) Paper products: tissue, towels, disposable dinnerware, nappies, feminine hygiene products, adult incontinence products, writing paper

**Reason why uses advised against** Restricted substance per REACH Annex XVII

### 1.3. Details of the supplier of the safety data sheet

#### Company Name

Bostik Limited  
Common Rd  
ST16 3EH  
Stafford UK  
Tel: +44 (1785) 27 26 25  
Fax: +44 (1785) 25 72 36

**E-mail address** SDS.box-EU@bostik.com

### 1.4. Emergency telephone number

**United Kingdom** Bostik: +44 (1785) 272650 (9am to 5pm Mon-Fri)  
NHS: 111

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

**GB CLP (SI 2020/1567 as amended)**

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

### 2.2. Label elements

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

**Signal word**  
None

#### **Hazard statements**

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP]

#### **EU Specific Hazard Statements**

# SAFETY DATA SHEET

EVO-STIK STICKS LIKE ADHESIVE CLEAR  
Supersedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

EUH208 - Contains Trimethoxyvinylsilane & Reaction mass of Bis(1,2,2,6,6-pentamethyl-4-piperidyl) sebacate and Methyl 1,2,2,6,6-pentamethyl-4-piperidyl sebacate. May produce an allergic reaction  
EUH210 - Safety data sheet available on request

## 2.3. Other hazards

Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing.

## PBT & vPvB

This mixture contains no substance considered to be persistent, bioaccumulating or toxic (PBT). This mixture contains no substance considered to be very persistent nor very bioaccumulating (vPvB).

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable

### 3.2 Mixtures

| Chemical name                                                                                                                          | Weight-%    | REACH registration number | EC No. (Index No.)          | Classification according to Regulation (EC) No. 1272/2008 [CLP]                               | Specific concentration limit (SCL) | M-Factor | M-Factor (long-term) | Notes |

Full text of H- and EUH-phrases: see section 16

## Acute Toxicity Estimate

If LD50/LC50 data is not available or does not correspond to the classification category, then the appropriate conversion value from CLP Annex I, Table 3.1.2, is used to calculate the acute toxicity estimate (ATE<sub>mix</sub>) for classifying a mixture based on its components

| Chemical name                                           | EC No. (Index No.)          | CAS No.      | Oral LD50 mg/kg | Dermal LD50 mg/kg | Inhalation LC50 - 4 hour - dust/mist - mg/L | Inhalation LC50 - 4 hour - vapour - mg/L | Inhalation LC50 - 4 hour - gas - ppm |
|---------------------------------------------------------|-----------------------------|--------------|-----------------|-------------------|---------------------------------------------|------------------------------------------|--------------------------------------|
| Trimethoxyvinylsilane                                   | 220-449-8<br>(014-049-00-0) | 2768-02-7    | -               | -                 | -                                           | 11                                       | -                                    |
| Diocetyl tin oxide                                      | 212-791-1                   | 870-08-6     | -               | -                 | -                                           | -                                        | -                                    |

| sebacate and Methyl 1,2,2,6,6-pentamethyl-4-piperidyl sebacate |                    |         |                 |                   |                                             |                                          |                                      |

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                |                                                                                                                                       |
|----------------|---------------------------------------------------------------------------------------------------------------------------------------|
| General advice | If medical advice is needed, have product container or label at hand. Show this safety data sheet to the doctor in attendance.        |
| Inhalation     | Remove to fresh air. IF exposed or concerned: Get medical advice/attention.                                                           |
| Eye contact    | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a doctor.                     |
| Skin contact   | Wash skin with soap and water. In the case of skin irritation or allergic reactions see a doctor.                                     |
| Ingestion      | Clean mouth with water. Do NOT induce vomiting. Drink 1 or 2 glasses of water. Never give anything by mouth to an unconscious person. |

### 4.2. Most important symptoms and effects, both acute and delayed

|                     |                           |
|---------------------|---------------------------|
| Symptoms            | No information available. |
| Effects of Exposure | No information available. |

### 4.3. Indication of any immediate medical attention and special treatment needed

|                 |                                                                                            |
|-----------------|--------------------------------------------------------------------------------------------|
| Note to doctors | Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing. |
|-----------------|--------------------------------------------------------------------------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                |                                                                                                         |
|--------------------------------|---------------------------------------------------------------------------------------------------------|
| Suitable Extinguishing Media   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Unsuitable extinguishing media | Full water jet.                                                                                         |

### 5.2. Special hazards arising from the substance or mixture

|                                            |                                                                      |
|--------------------------------------------|----------------------------------------------------------------------|
| Specific hazards arising from the chemical | No information available.                                            |
| Hazardous combustion products              | Carbon monoxide. Carbon dioxide (CO <sub>2</sub> ). Silicon dioxide. |

# SAFETY DATA SHEET

EVO-STIK STICKS LIKE ADHESIVE CLEAR  
Supercedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

## 5.3. Advice for firefighters

**Special protective equipment and precautions for fire-fighters** Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protective equipment.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

**Personal precautions** Ensure adequate ventilation.  
**For emergency responders** Use personal protection recommended in Section 8.

### 6.2. Environmental precautions

**Environmental precautions** See Section 12 for additional Ecological Information.

### 6.3. Methods and material for containment and cleaning up

**Methods for containment** Do not scatter spilled material with high pressure water streams.  
**Methods for cleaning up** Take up mechanically, placing in appropriate containers for disposal.  
**Prevention of secondary hazards** Clean contaminated objects and areas thoroughly observing environmental regulations.

### 6.4. Reference to other sections

**Reference to other sections** See section 8 for more information. See section 13 for more information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

**Advice on safe handling** Ensure adequate ventilation.  
**General hygiene considerations** Handle in accordance with good industrial hygiene and safety practice.

### 7.2. Conditions for safe storage, including any incompatibilities

**Storage Conditions** Keep away from food, drink and animal feedingstuffs. Keep from freezing.  
**Recommended storage temperature** Keep at temperatures between 10 and 35 °C. Do not freeze.

### 7.3. Specific end use(s)

**Specific use(s)**  
Adhesives. Sealant.

**Risk Management Methods (RMM)** The information required is contained in this Safety Data Sheet.

**Other information** Observe technical data sheet.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

**Exposure Limits** Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing

| Chemical name                         | European Union | United Kingdom                            |
|---------------------------------------|----------------|-------------------------------------------|
| Synthetic Amorphous, Pyrogenic Silica | -              | TWA: 6 mg/m <sup>3</sup> ; inhalable dust |

## 8.2. Exposure controls

**Engineering controls** Ensure adequate ventilation, especially in confined areas.

### Personal protective equipment

**Eye/face protection** Tight sealing safety goggles. Eye protection must conform to standard EN 166.

|                          |                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hand protection          | Wear protective gloves. Gloves must conform to standard EN 374. Ensure that the breakthrough time of the glove material is not exceeded. Refer to glove supplier for information on breakthrough time for specific gloves. The breakthrough time of the gloves depends on the material and the thickness as well as the temperature. Gloves should be replaced regularly and if there is any sign of damage to the glove material. |
| Skin and body protection | Suitable protective clothing.                                                                                                                                                                                                                                                                                                                                                                                                      |

Environmental exposure controls Do not allow into any sewer, on the ground or into any body of water.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

| Particle Size Distribution              | No information available                        |                         |

### 9.2. Other information

|                   |                          |          |
|-------------------|--------------------------|----------|
| Solid content (%) | No information available |          |
| VOC content       |                          | 31.5 g/L |

#### 9.2.1. Information with regards to physical hazard classes

Not applicable

#### 9.2.2. Other safety characteristics

No information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

# SAFETY DATA SHEET

EVO-STIK STICKS LIKE ADHESIVE CLEAR  
Supersedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

Reactivity Product cures with moisture.

## 10.2. Chemical stability

Stability Stable under normal conditions.

## Explosion data

Sensitivity to mechanical impact None.

Sensitivity to static discharge None.

## 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions None under normal processing.

## 10.4. Conditions to avoid

Conditions to avoid Product cures with moisture. Do not freeze.

## 10.5. Incompatible materials

Incompatible materials None known based on information supplied.

## 10.6. Hazardous decomposition products

Hazardous decomposition products Small amounts of methanol (CAS 67-56-1) are formed by hydrolysis and released upon curing.

## **SECTION 11: Toxicological information**

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Information on likely routes of exposure

#### Product Information

Inhalation Based on available data, the classification criteria are not met.

Eye contact Based on available data, the classification criteria are not met.

Skin contact Based on available data, the classification criteria are not met. May cause sensitisation in susceptible persons.

Ingestion Based on available data, the classification criteria are not met.

#### Symptoms related to the physical, chemical and toxicological characteristics

Symptoms No information available.

#### Acute toxicity

#### Numerical measures of toxicity

The following ATE values have been calculated for the mixture

ATEmix (oral) 45,633.70 mg/kg

ATEmix (dermal) >2000 mg/kg

ATEmix (inhalation-gas) >20000 ppm

ATEmix (inhalation-dust/mist) >5 mg/L

ATEmix (inhalation-vapour) 617.80 mg/L

| Special Provisions                | None           |

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# SAFETY DATA SHEET

EVO-STIK STICKS LIKE ADHESIVE CLEAR  
Supersedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

## European Union

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

Check whether measures in accordance with Directive 94/33/EC for the protection of young people at work must be taken.

Take note of Directive 92/85/EC on the protection of pregnant and breastfeeding women at work

## Registration, Evaluation, Authorisation, and Restriction of Chemicals (REACH) Regulation (EC 1907/2006)

### **SVHC: Substances of Very High Concern for Authorisation:**

This product does not contain candidate substances of very high concern at a concentration  $\geq 0.1\%$  (Regulation (EC) No. 1907/2006 (REACH), Article 59)

### **EU-REACH (1907/2006) - Annex XVII - Substances subject to Restriction**

This product contains one or more substance(s) subject to restriction (Regulation (EC) No. 1907/2006 (REACH), Annex XVII).

| Chemical name      | CAS No.  | Restricted substance per REACH Annex XVII |
|--------------------|----------|-------------------------------------------|
| Diocetyl tin oxide | 870-08-6 | 20                                        |

20 (6) DOT.

### **Substance subject to authorisation per REACH Annex XIV**

This product does not contain substances subject to authorisation (Regulation (EC) No. 1907/2006 (REACH), Annex XIV)

### **Export Notification requirements**

This product does not contain substances which are regulated pursuant to Regulation (EC) No. 649/2012 of the European parliament and of the council concerning the export and import of dangerous chemicals above the level that triggers a labeling obligation under Regulation (EC) No 1272/2008. Therefore this product is not subject to prior informed consent notification.

### **Ozone-depleting substances (ODS) regulation (EC) 2024/590**

Not applicable

### **Persistent Organic Pollutants**

Not applicable

### **REGULATION (EU) 2019/1148 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 20 June 2019 on the marketing and use of explosives precursors**

Not applicable

### **Regulations on drug precursors (EC) No 111/2005 (export) and 273/2004 (internal trade)**

This product does not contain any substance(s) which are regulated pursuant to the EU regulations on drug precursors [(EC) No. 111/2005 and (EC) No. 273/2004] above levels that can be easily used or extracted by readily applicable or economically viable means.

## National regulations

### 15.2. Chemical safety assessment

# SAFETY DATA SHEET

EVO-STIK STICKS LIKE ADHESIVE CLEAR  
Supersedes date 25-Jun-2024

Revision date 12-Feb-2026  
Revision Number 3.05

Chemical Safety Assessments have been carried out by the Reach registrants for substances registered at >10 tpa. No  
Chemical Safety Assessment has been carried out for this mixture

## SECTION 16: Other information

### Key or legend to abbreviations and acronyms used in the safety data sheet

#### Full text of any hazard and/or precautionary statements referred to under Sections 2-15

H226 - Flammable liquid and vapour  
H317 - May cause an allergic skin reaction  
H332 - Harmful if inhaled  
H361f - Suspected of damaging fertility  
H371 - May cause damage to organs  
H400 - Very toxic to aquatic life  
H410 - Very toxic to aquatic life with long lasting effects

#### Legend

|         |                                                                                     |
|---------|-------------------------------------------------------------------------------------|
| TWA     | TWA (time-weighted average)                                                         |
| STEL    | STEL (Short Term Exposure Limit)                                                    |
| Ceiling | Ceiling Limit Value                                                                 |
| Sk*     | Skin designation                                                                    |
| SVHC    | Substance(s) of Very High Concern                                                   |
| PBT     | Persistent, Bioaccumulative, and Toxic (PBT) Chemicals                              |
| vPvB    | Very Persistent and very Bioaccumulative (vPvB) Chemicals                           |
| STOT RE | Specific target organ toxicity - Repeated exposure                                  |
| STOT SE | Specific target organ toxicity - Single exposure                                    |
| EWC     | European Waste Catalogue                                                            |
| ADR     | European Agreement concerning the International Carriage of Dangerous Goods by Road |
| IMDG    | International Maritime Dangerous Goods (IMDG)                                       |
| IATA    | International Air Transport Association (IATA)                                      |
| RID     | Regulations concerning the International Transport of Dangerous Goods by Rail       |
